Engineered to run your entire business in one

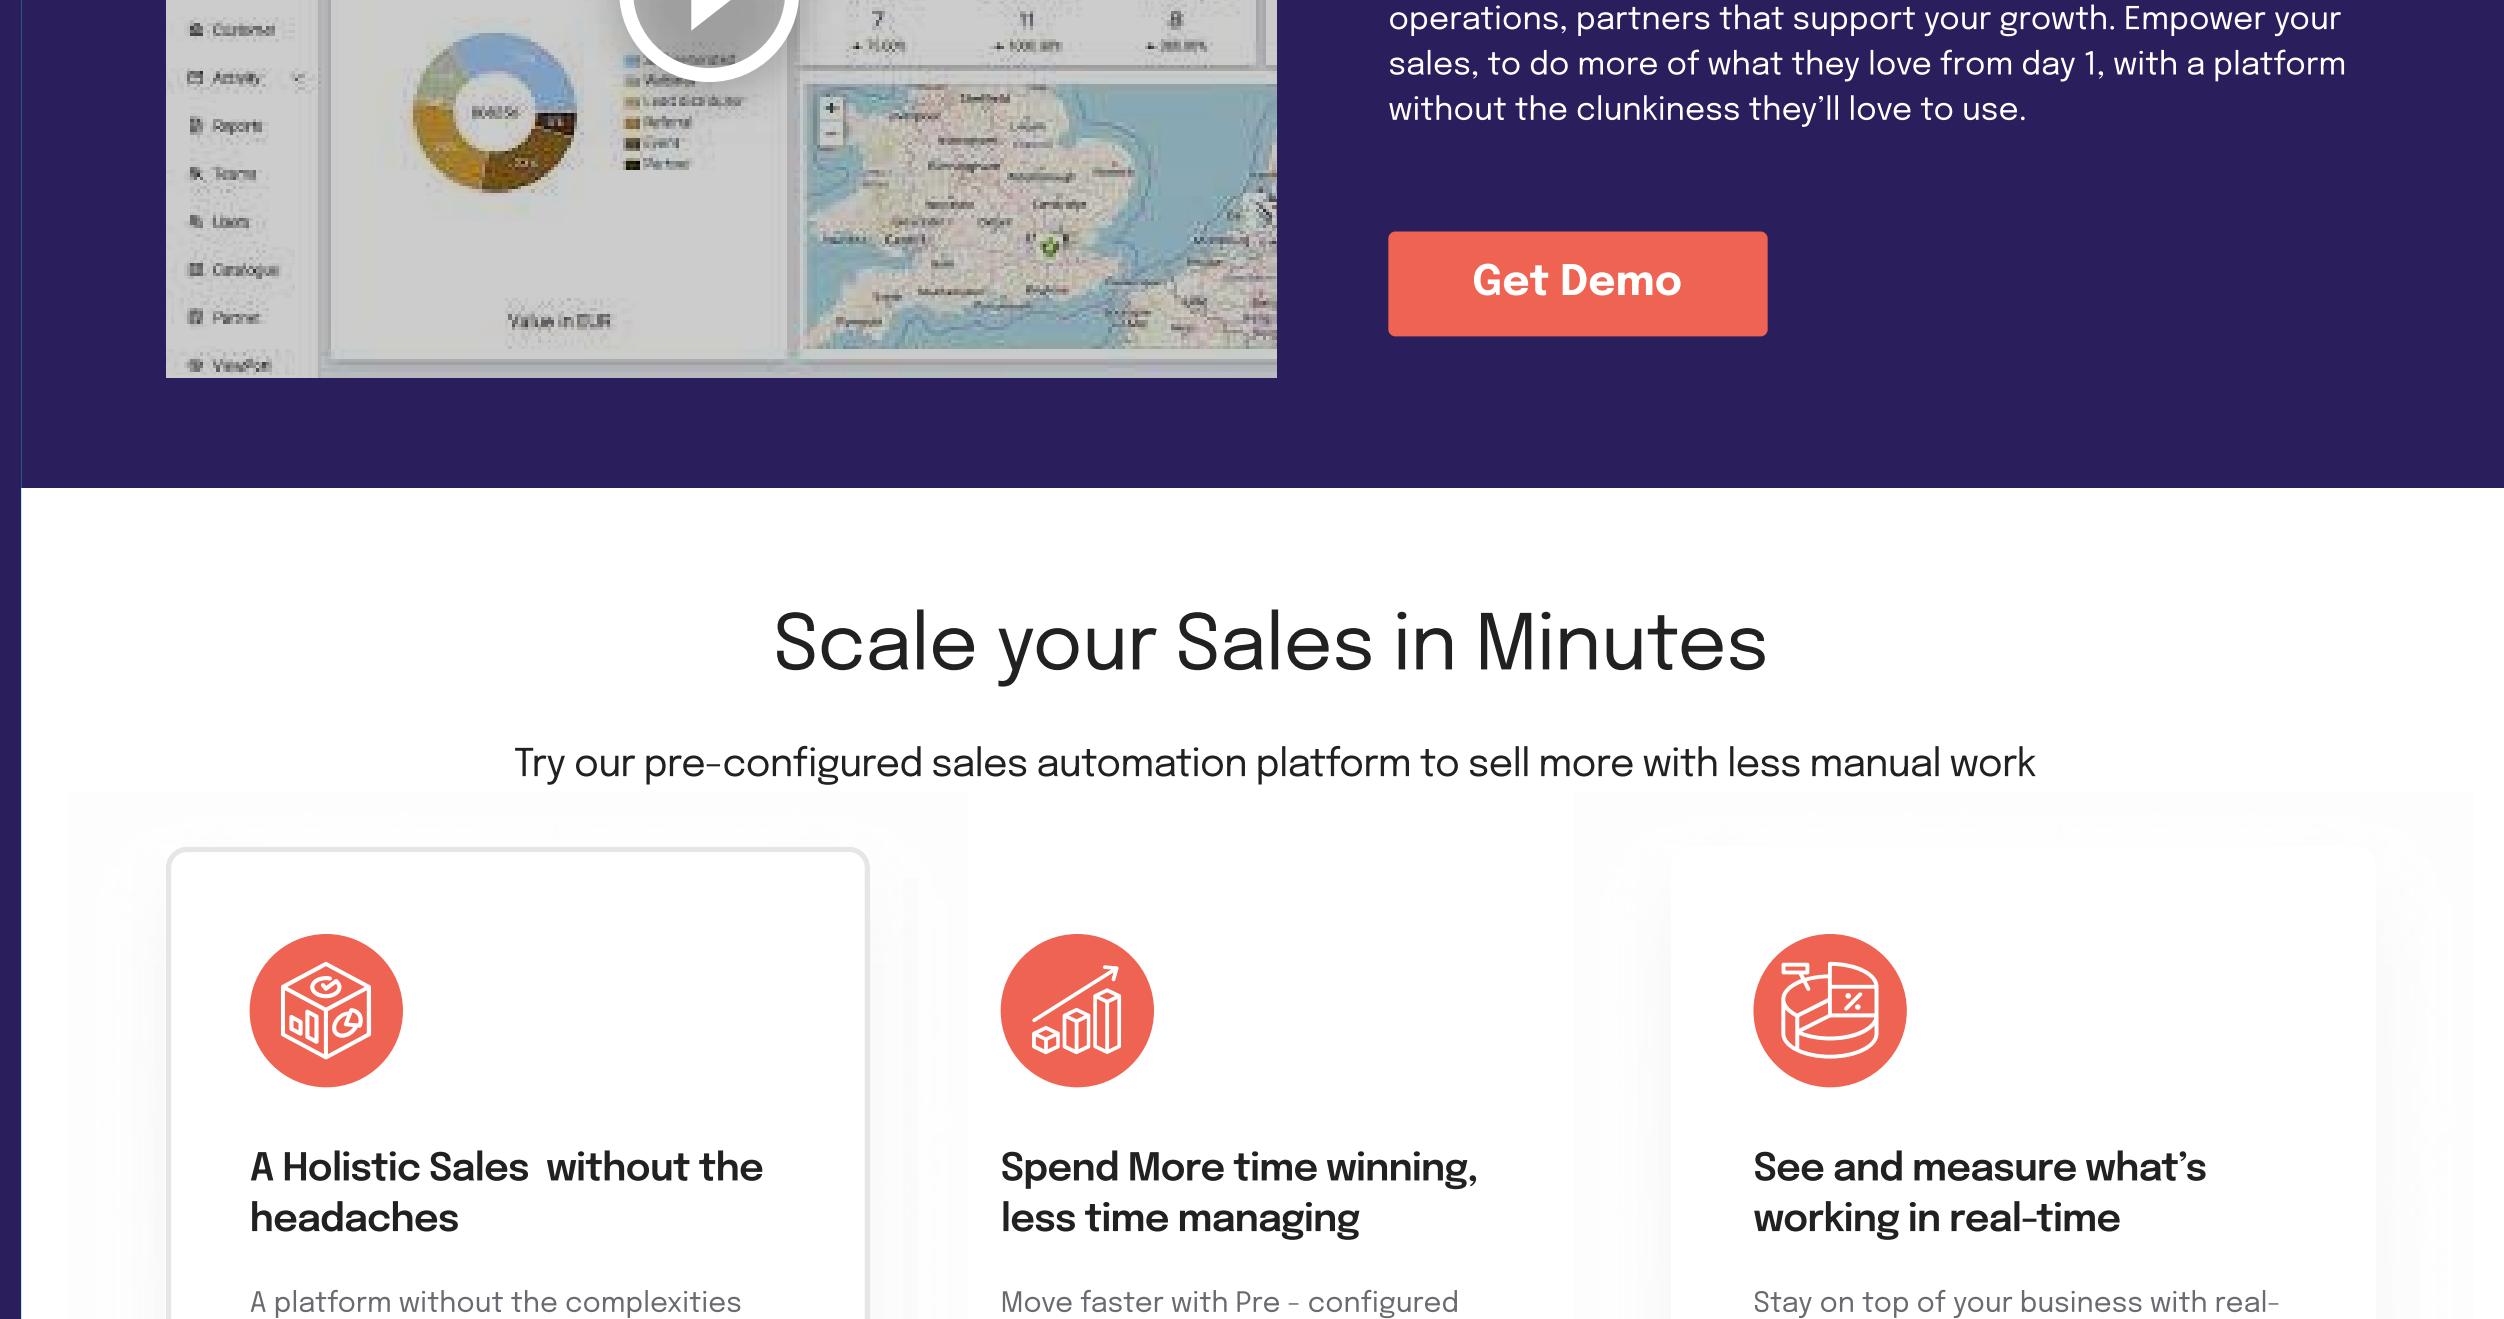

A holistic sales automation platform to help unify Sales, operations, partners that support your growth. Empower your sales to do more of what they love from day 1, with a platform without the clunkiness they'll love to use.

Key Objectives

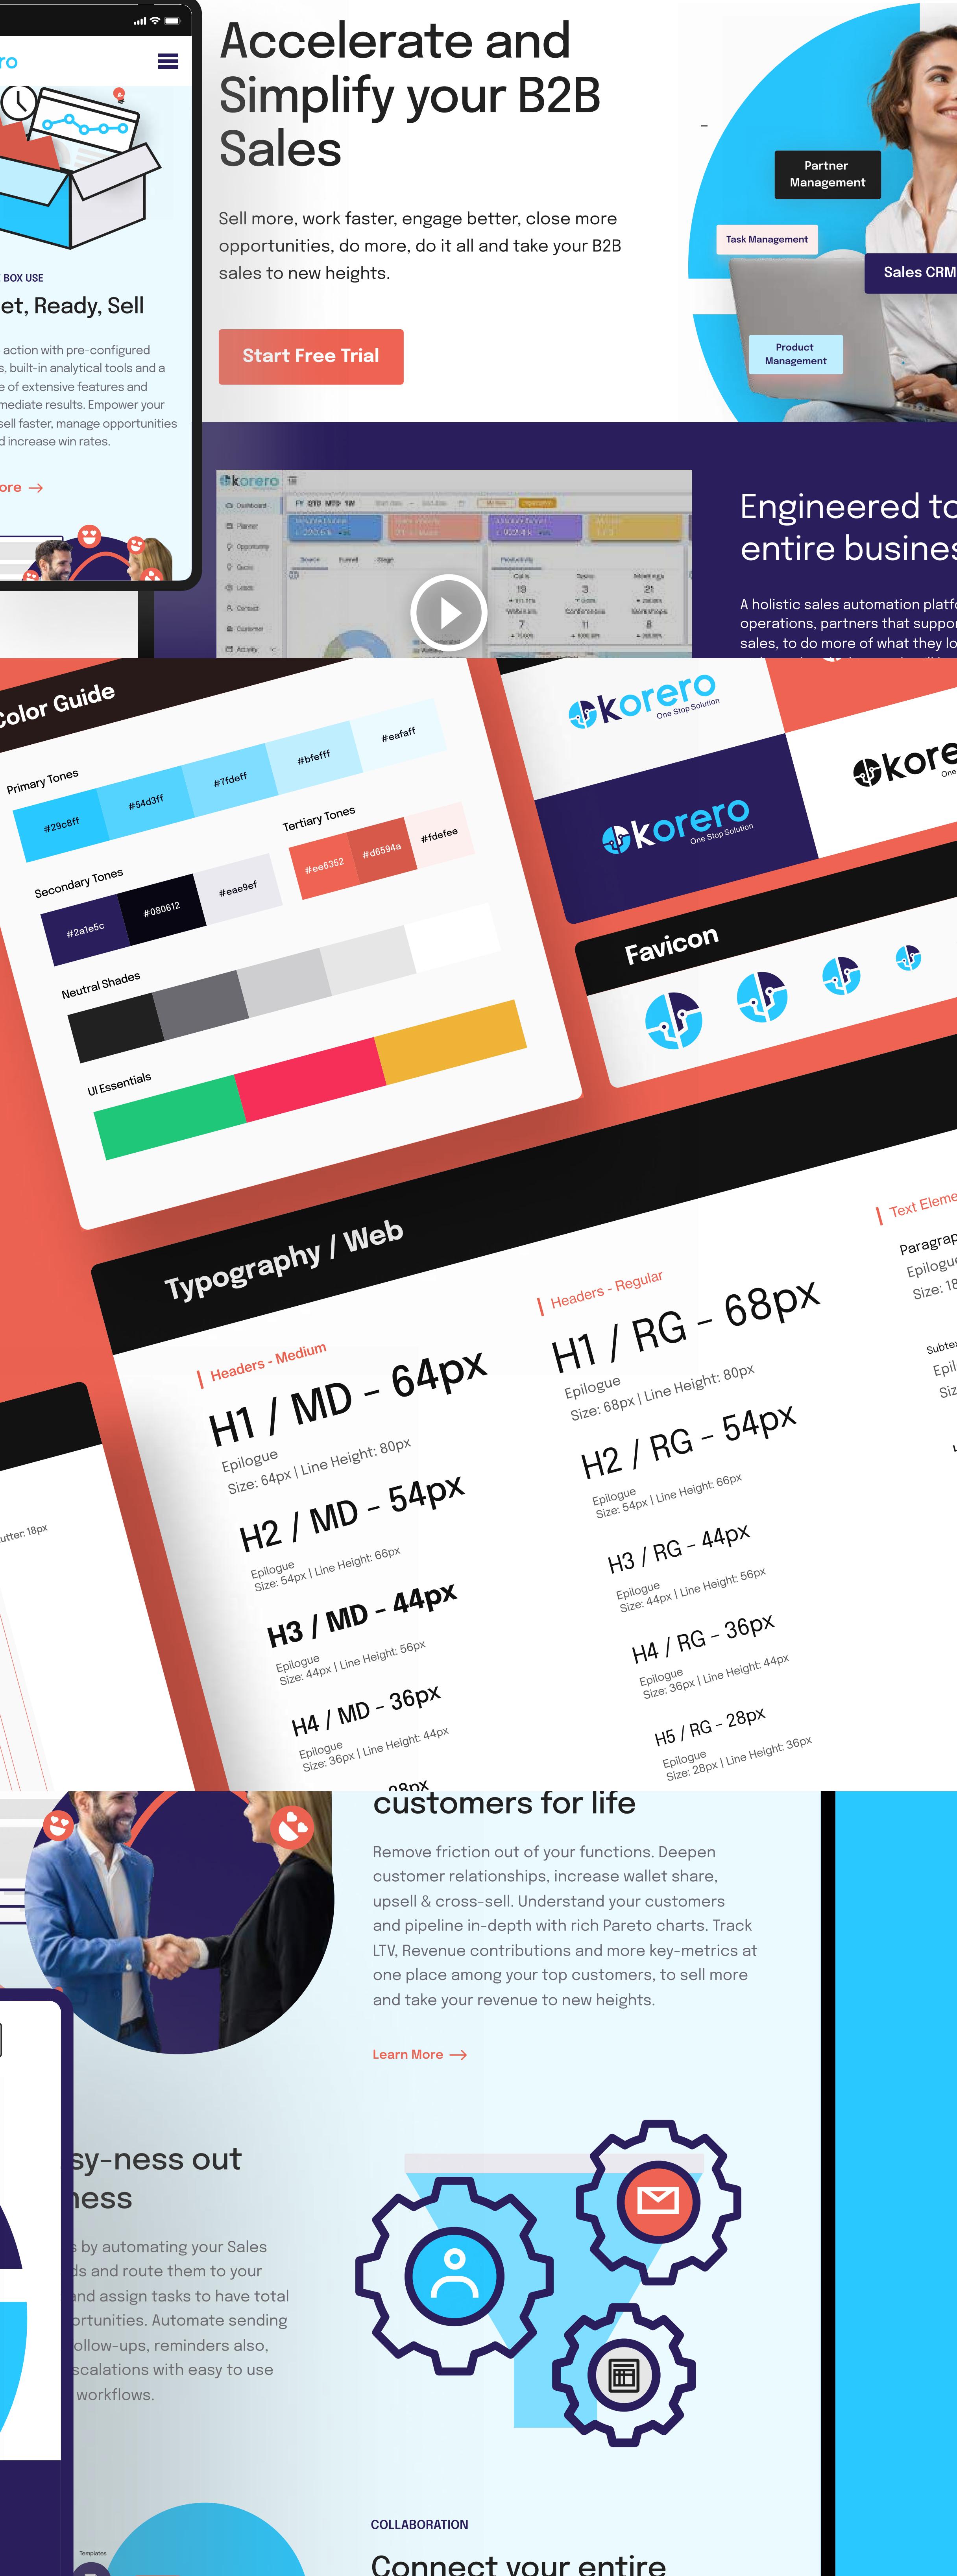

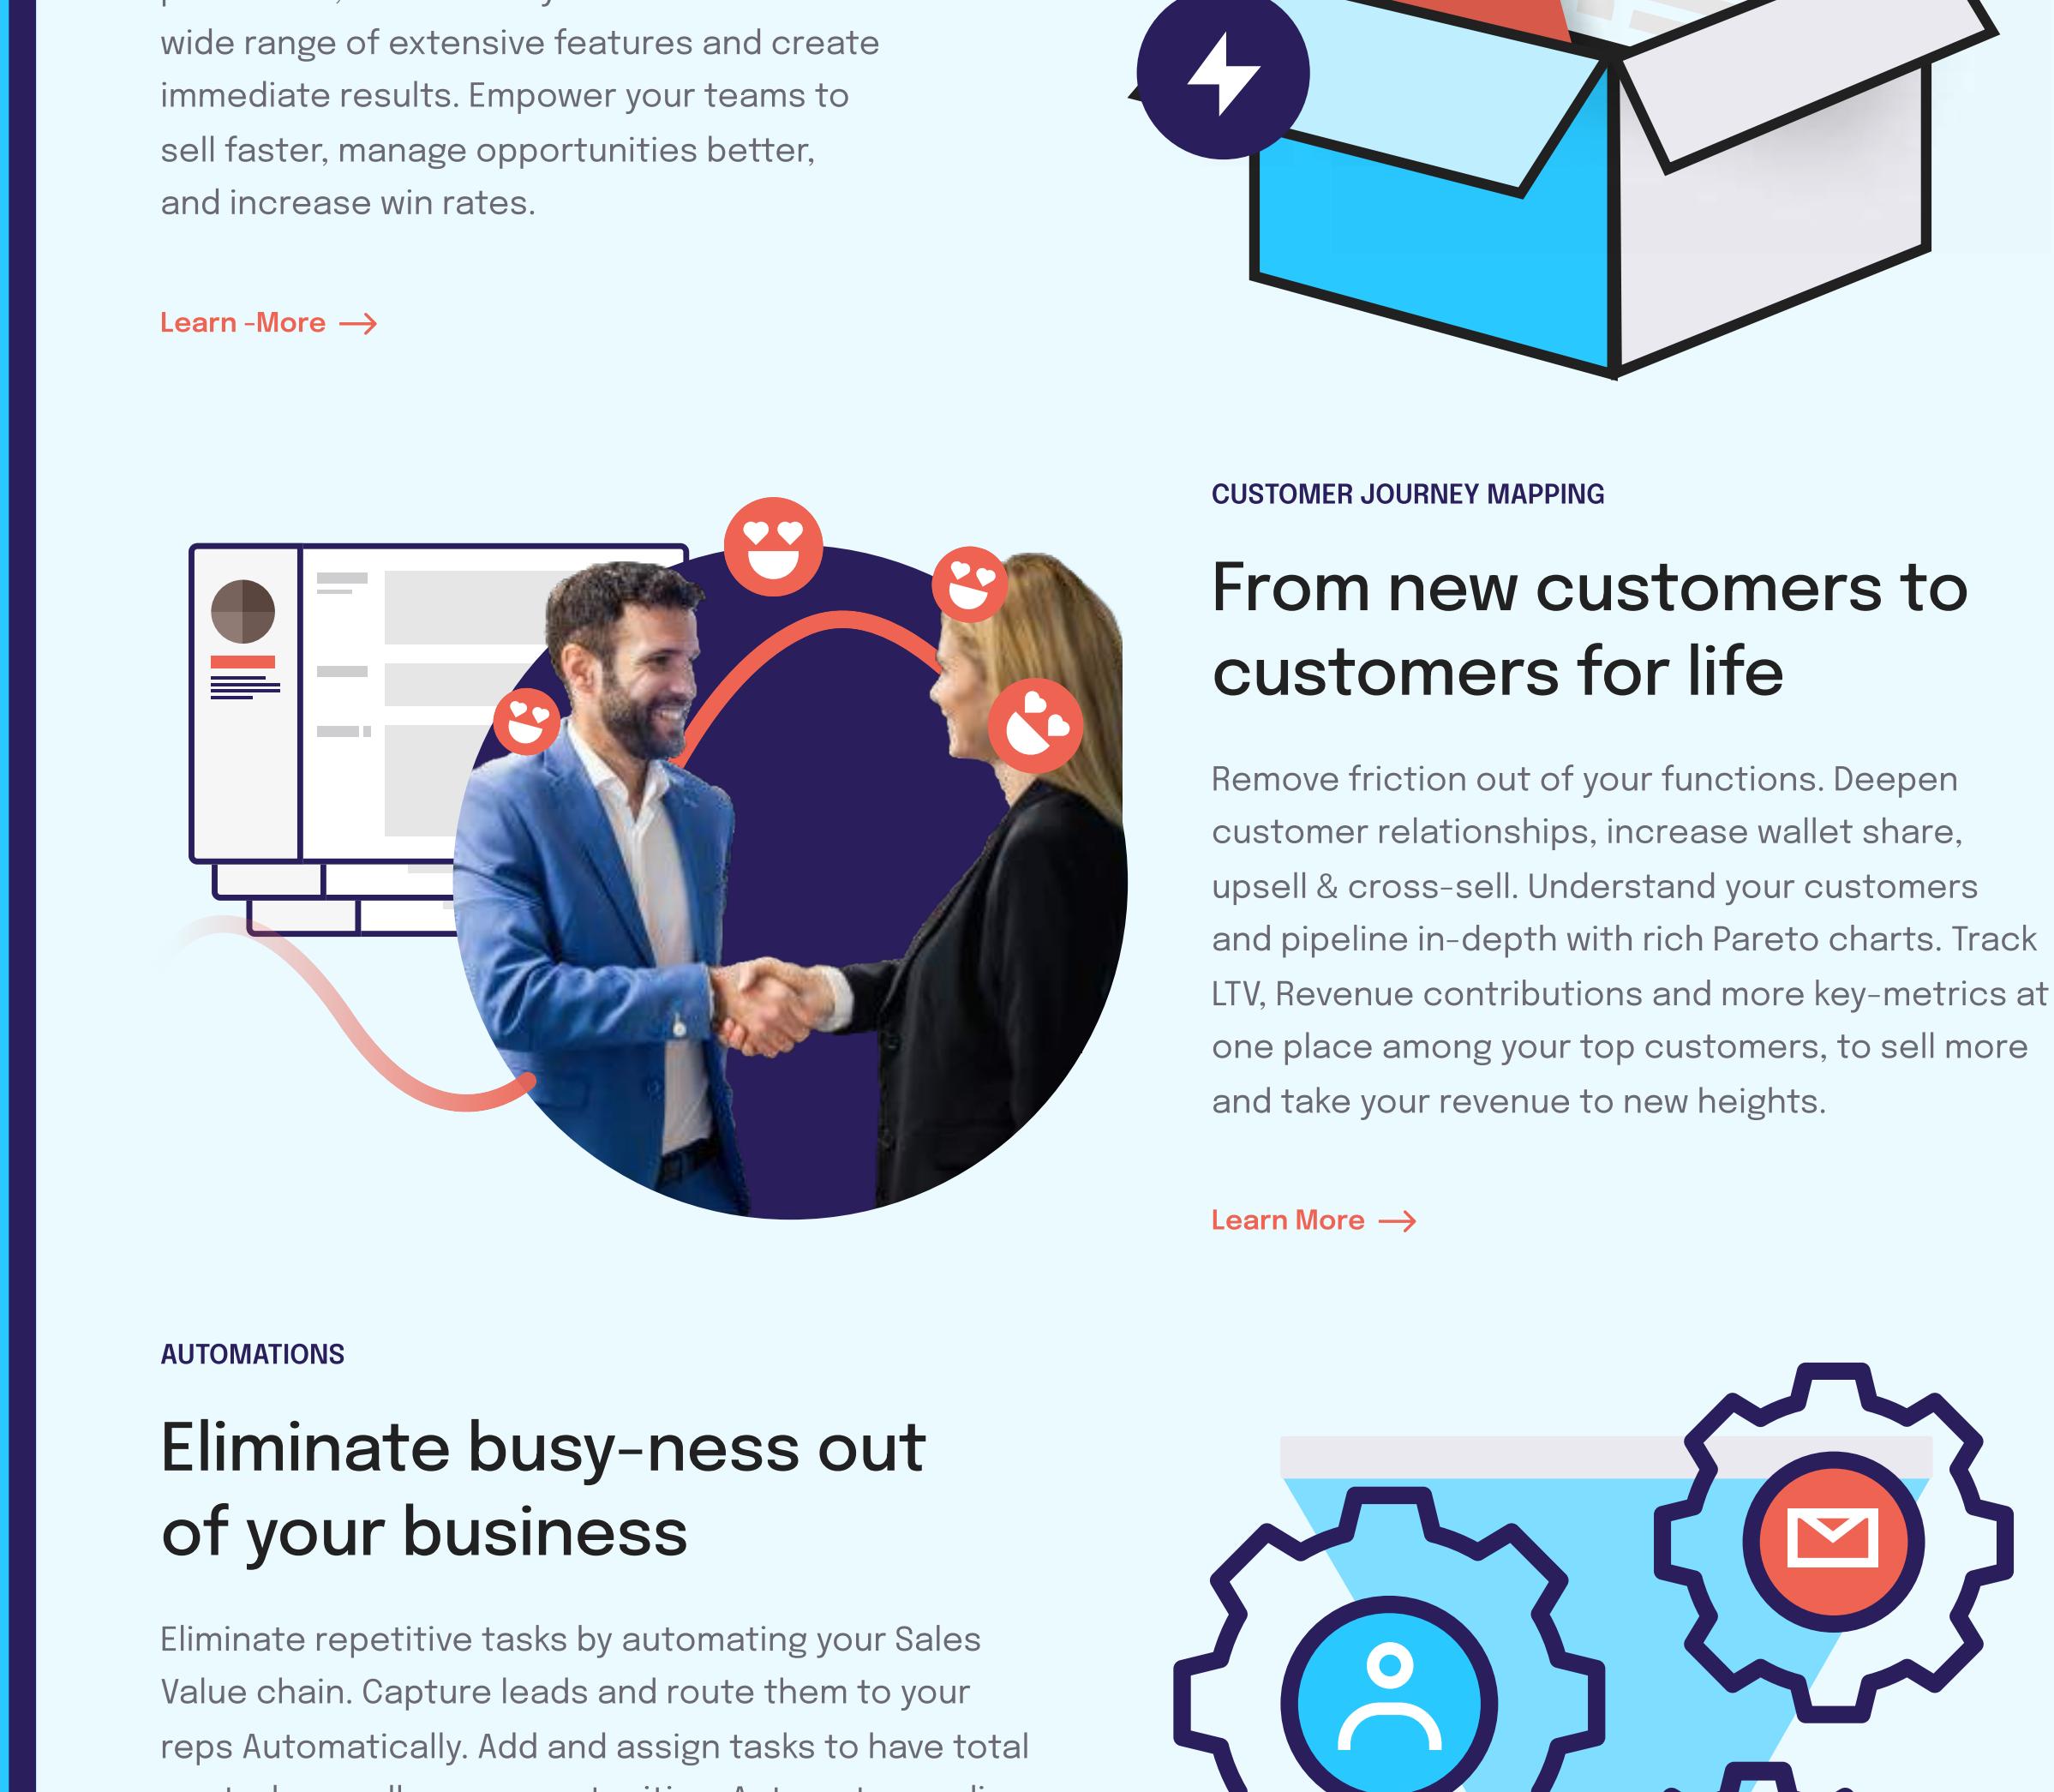

- High brand recall for repeat visitors
- Higher Conversions / Registrations
- Increased brand relevancy
- A refreshed look

A Refreshed Look

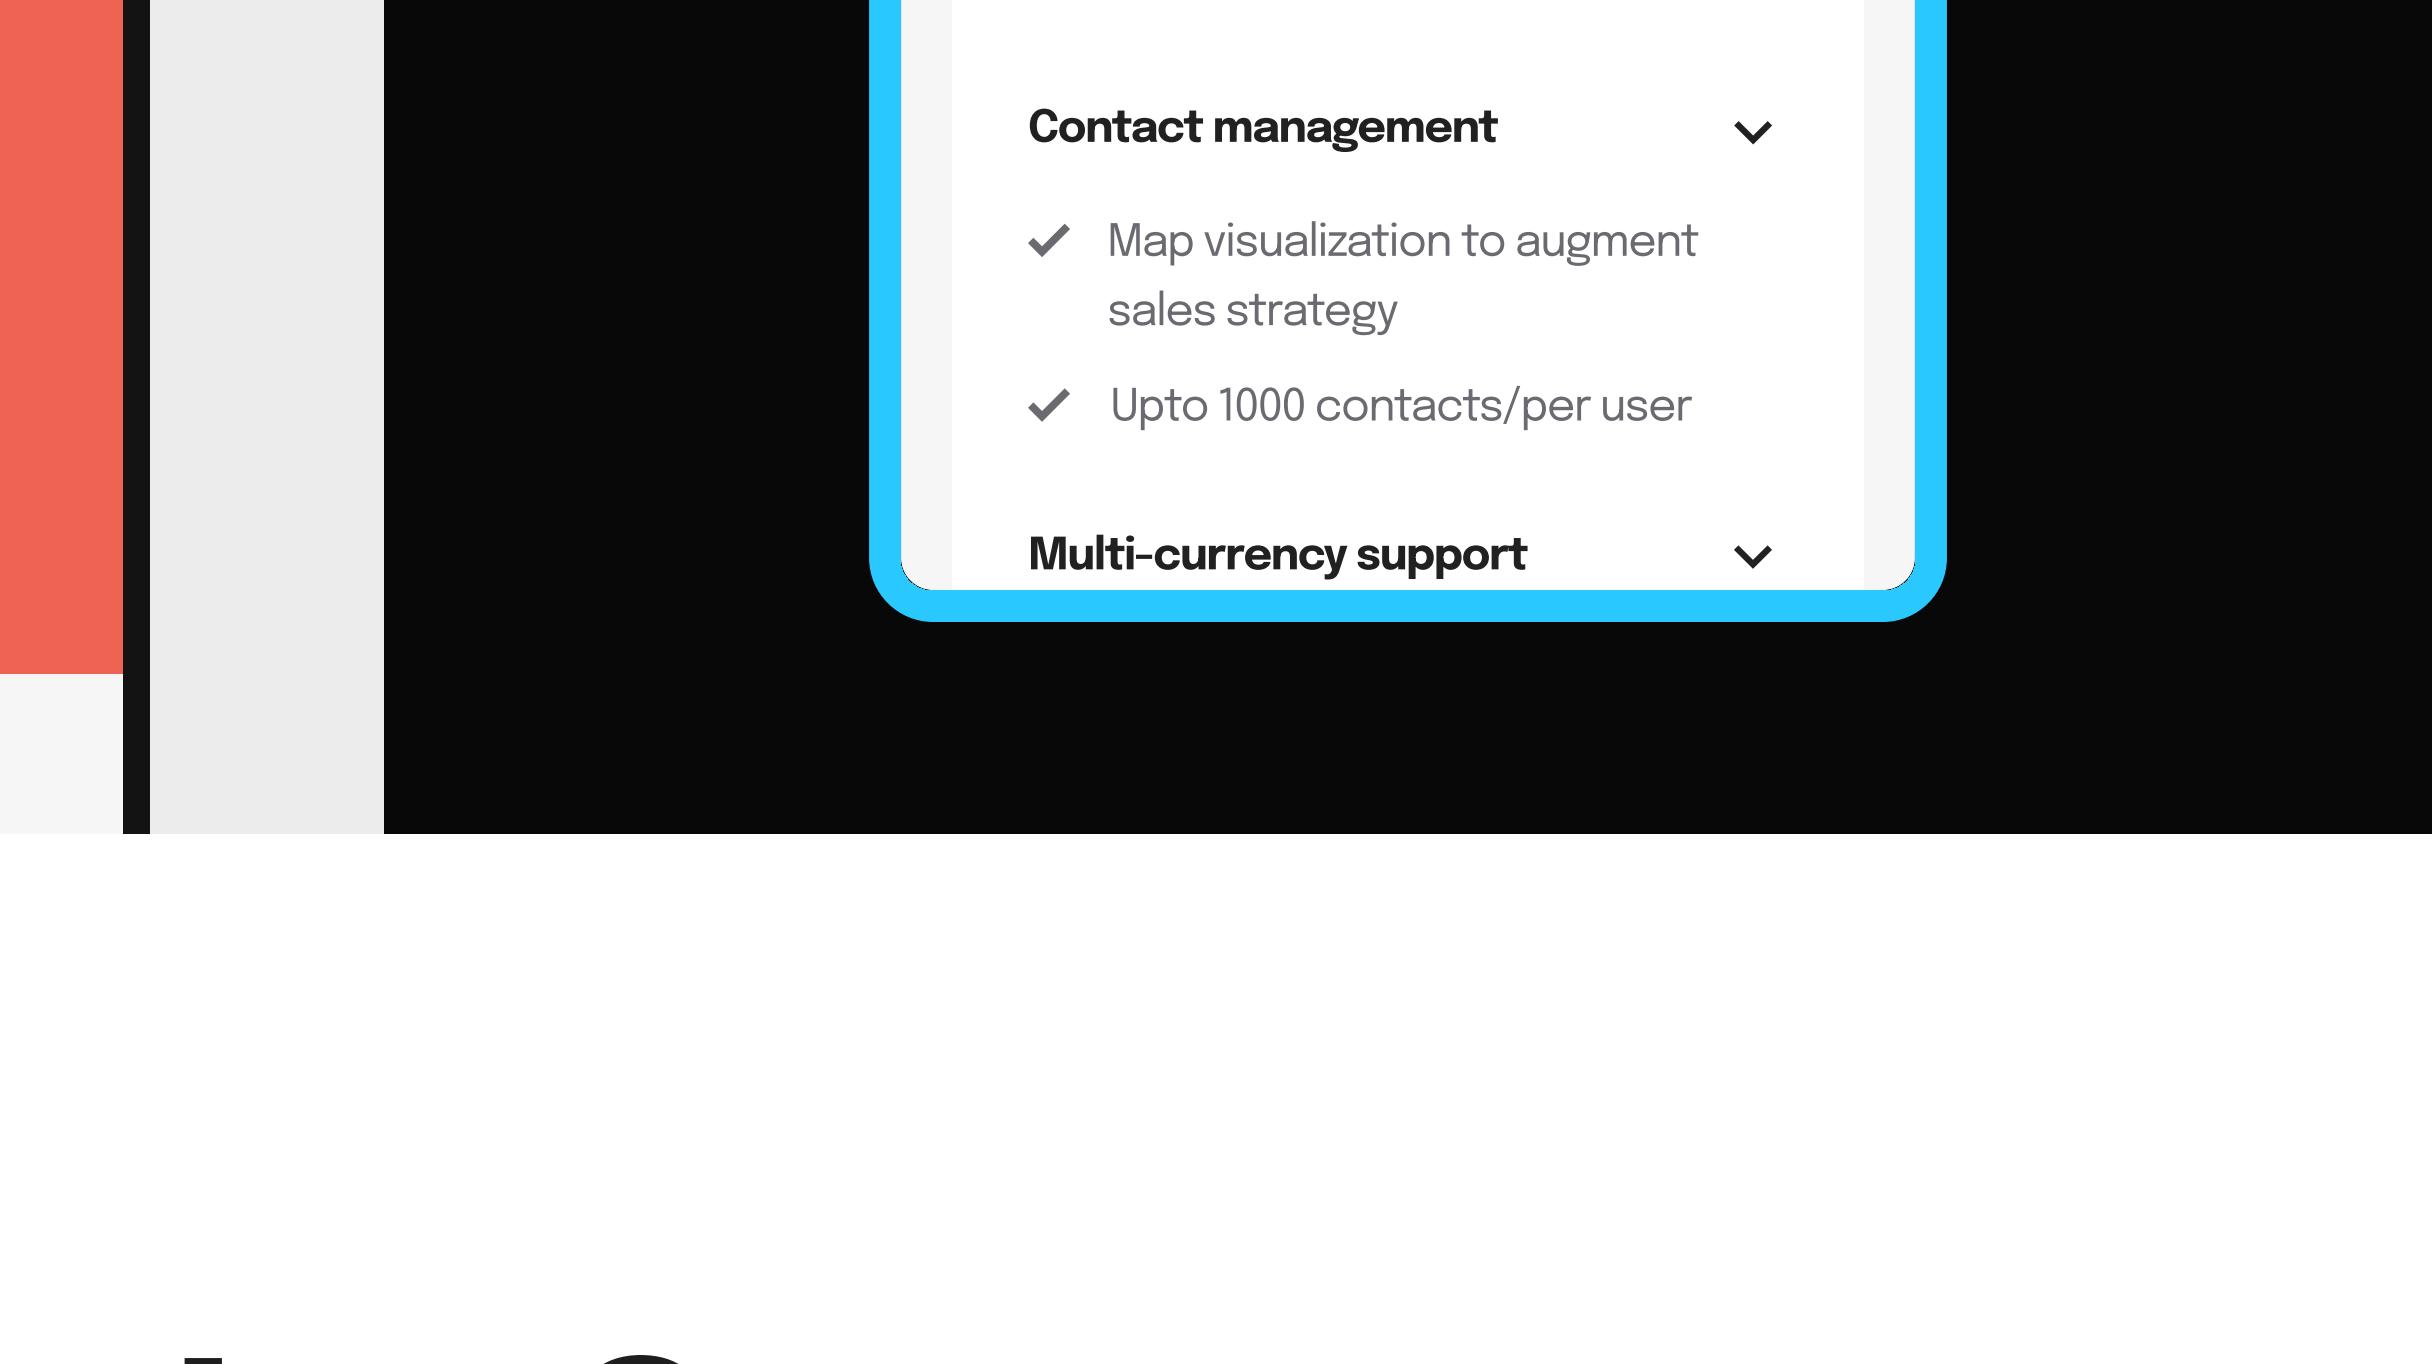

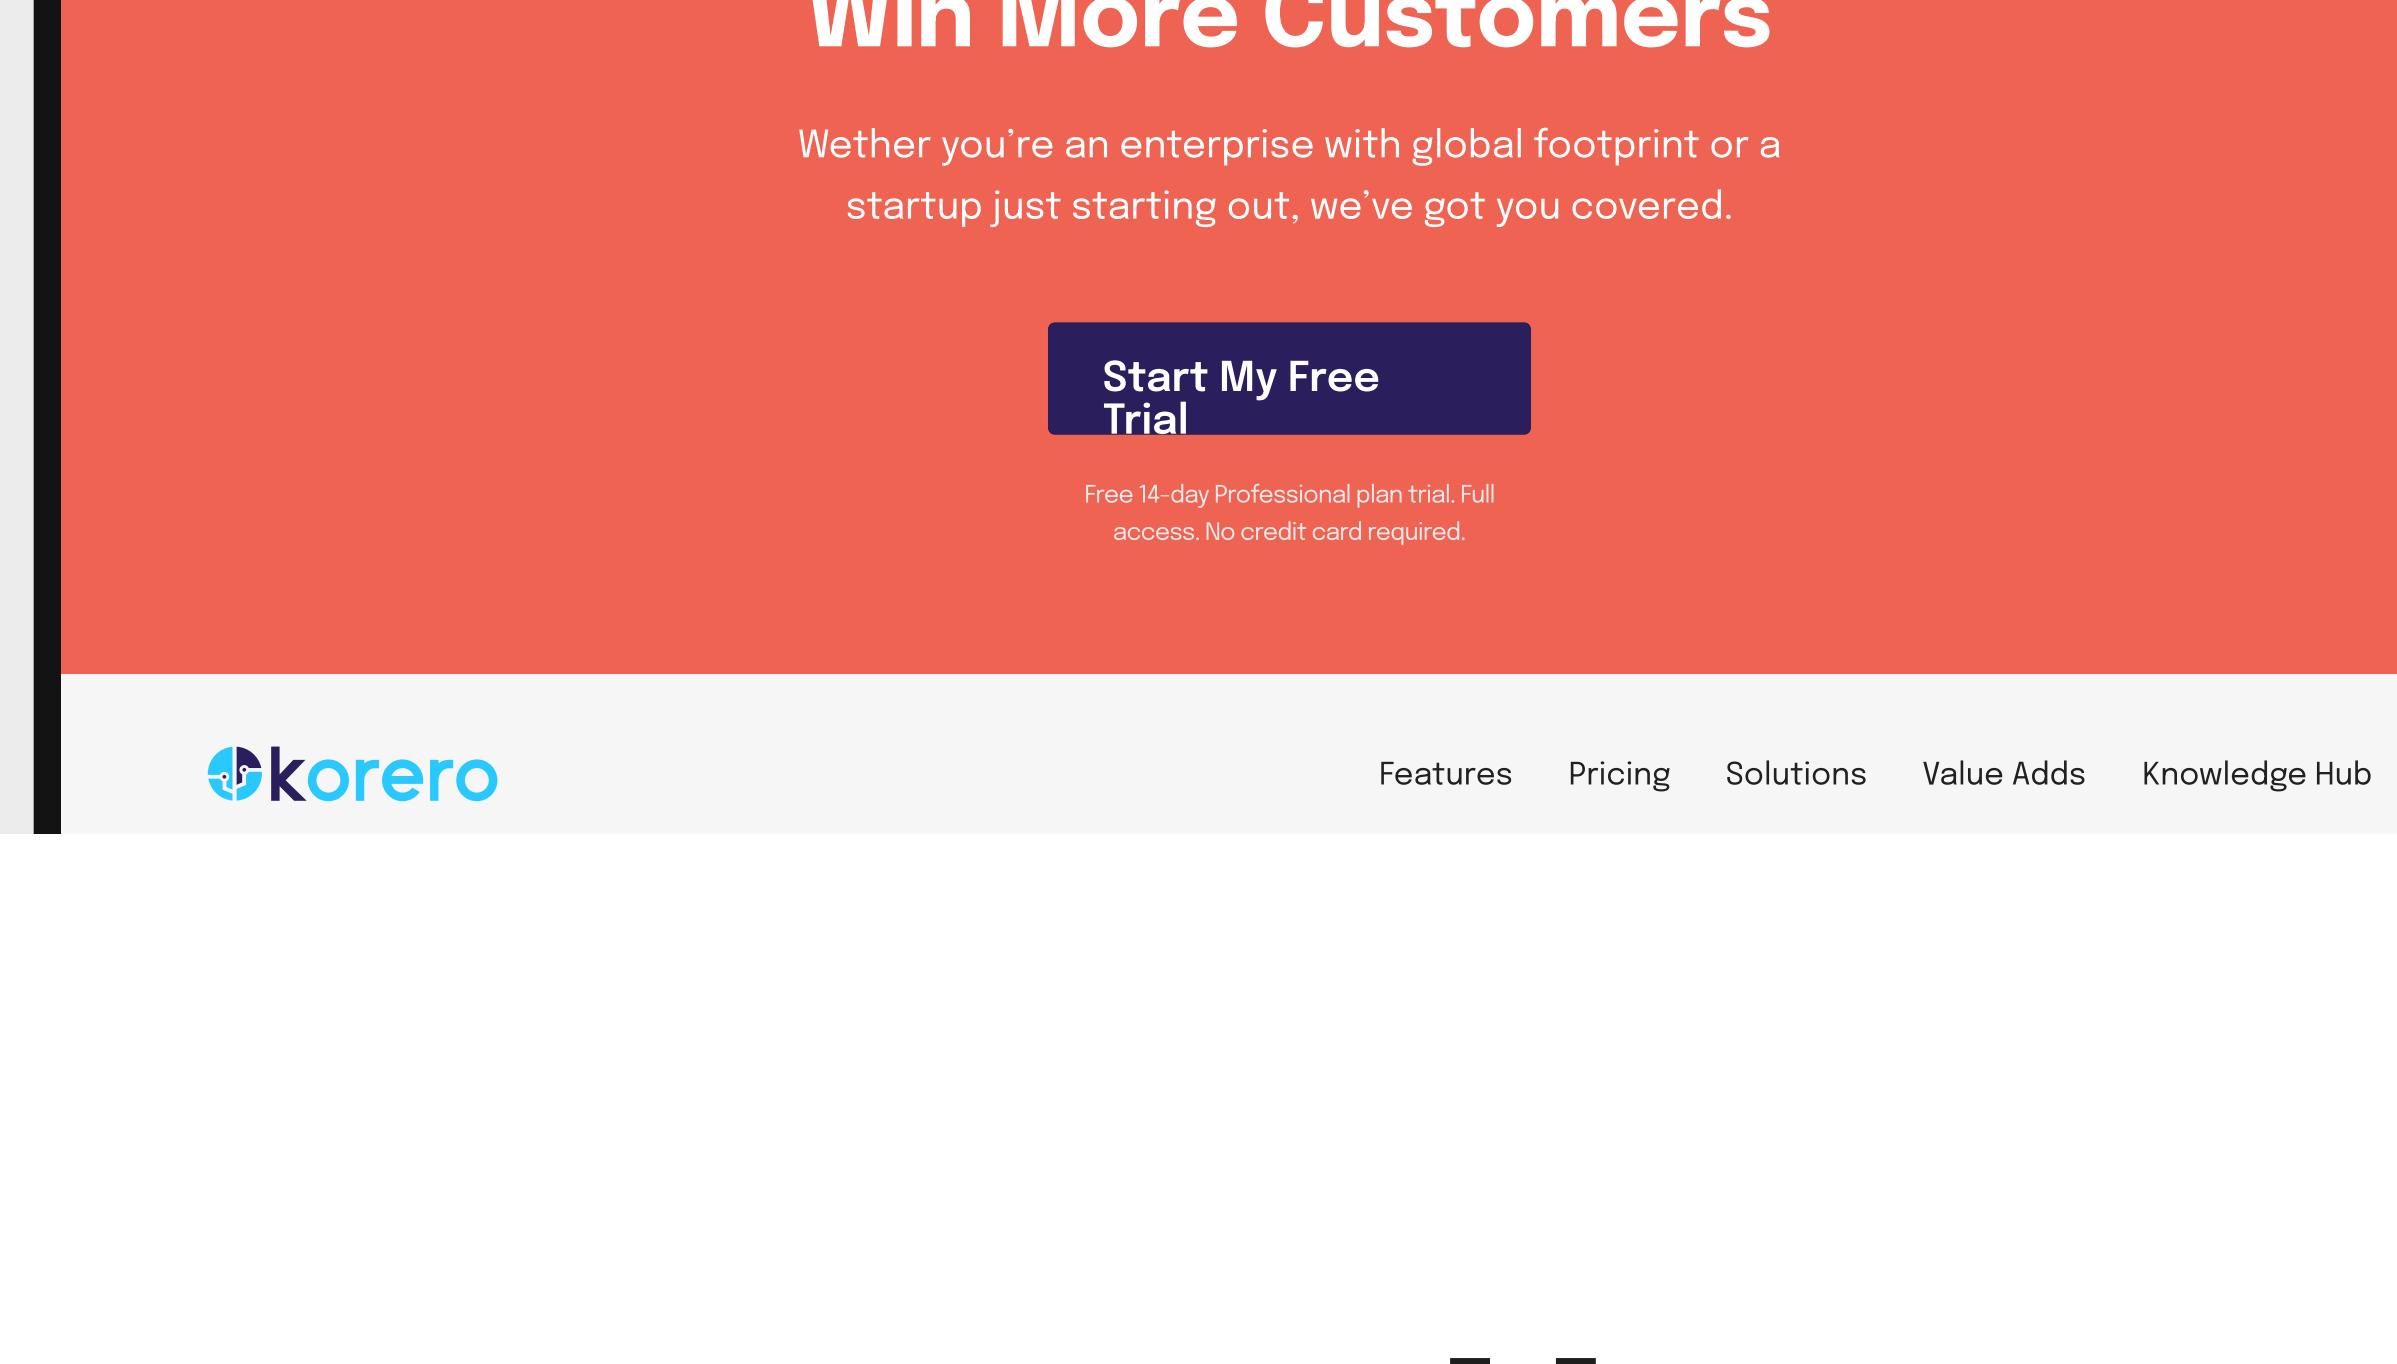

Post our initial Discovery, we figured that there is a disconnect within the brand and the website. We gave the logo a slight touchup and added a new typeface - Epilogue. And moreover to expedite things at a rapid pace, we devised a brand new design system for web and mobile that's highly detailed, for faster productions across design and development,
